

Module 20 Quizlet - While loops

Please tell students in advance to come with their laptops, so they can share their code screen.

1- Use while loop to write a countdown from 10 to 0

2 - Write the newton's method to find sqrt of a number c

$$\circ x_{n+1} = x_n/2 + c/2x_n$$

Stop the loop when we are within 1% of the answer
